Doc ID 1001.22 Email attribute shows up instead of UPN

PERTAINS TO

- EIK & Azure

ISSUE DESCRIPTION

OIDC login points to an EMAIL ADDRESS, requirement is UPN

DIAGNOSIS

EIK debug logs currently display the OIDC login as an email address, but the requirement is to use UPN. Update the attribute mapping to reflect UPN instead of email.

SOLUTION

PD
Changed the email attribute to UPN in EIKAuth.config..> authn_attribute=UPN email attribute was removed in Azure...>Token config
UPN attribute was added by default.
